

### **New Publican for the Three Crowns**

JOSEPH WALKER, THREE CROWNS, WEST HARNHAM, near Salisbury, begs respectfully to inform his Friends and the Public, that he has taken to the above CELEBRATED PUBLIC-HOUSE, far-famed for excellent HOME-BREWED BEER, and every other Article connected with the public Business; and from its rural situation, combined with moderate charges, and Spirits, &c., of the best quality, he hopes to merit a share of public favours.

TEA and other PARTIES accommodated on low terms, and also attended on with the greatest civility.

J.W. also informs his Friends, that he continues the profession of HORSE DOCTOR and BREAKER; and from having had very superior practice, he has not the least doubt of giving great satisfaction to those who may honour him with their commands.
