

A Genealogists Letter to Santa

Please Dear Santa

Make my day

Send me useful gifts today

I would wish for very little

Just one hint to solve the riddle

Where was my great grandpa born I pray

Please leave the answer on Xmas day

Ask your elves to be smart and bright

Please leave me books for answers right

Leave me a clue to find my way

That's all I ask for Xmas day

My joy of search and pastures new

Is all I really ask of you

Leave my presents beneath the tree

Like lists of names of past family

Lead me further on my quest

I have no need of jewellery chests

Help me find forgotten people

Let me find their parish steeple

So Dear Santa hear my wishes

Keep me from those Xmas dishes

Help me trace the lost and living

Leave me the gift that's ever giving
