March 18th, 1899

LADIES AND GENTLEMEN,

Three years ago you honoured me by electing me as your representative on the District Council. During that time I have served you to the best of my ability, and have spared neither time nor application in performing the duties of the office.

I had the privilege to move the adoption of the report providing for the extension and improvement of the Sewage Farm, and I have had the satisfaction of being a Member of the Committee which has now successfully carried out the scheme, and given to the town a works second to none in the country.

As a member of the Technical Education Committee I have given earnest attention to my duty, and have steadily endeavoured to ensure that the advantages of the Technical School shall be well within the reach of the brighter children of the working classes.

As Chairman of your Recreation Grounds Committee I am pleased we have been successful in providing playgrounds for the young people of our town. Princes Street, Gorse Hill and Westcott have been secured, and the Committee are negotiating for further lands in Rushey Platt and Even Swindon.

As a Member of your Finance and Market Committee I have tried to carefully guard your interests.

Should you again honour me with your confidence, I will in the future, as in the past, do my very best to serve you faithfully.

Believe me, Ladies and Gentlemen,

Your obedient servant,

JOHN WILLIAMS
